

To all international students:

The "Internship for International Students In Hyogo" is about a three-and-a-half-month program designed for international students who wish to work for Japanese companies and organizations. Through encounters with various companies and people, and by seriously considering your future, this program will help you discover your potential.

The internship period will include practical training for five days or more, with on-the-job experience making up more than half of the duration, ensuring a deep learning experience.

We also offer comprehensive pre-internship preparation and post-internship reflection programs. Even if this is your first internship, you can participate with confidence!

☆Eligibility☆

International students enrolled in member The Consortium of Universities in Hyogo. (Primarily aimed at 3rd-year undergraduate and 1st-year graduate students, but all academic years are welcome to participate)
